#### **30 Affirmations for Main Character Energy**

Make sure you're always the main character in your life.

#### Welcome, Main Character.

You were not born to be background noise in someone else's life. You came into this world alone and you'll leave it alone. Every second in between is your story to write.

This guide is here to help you reclaim the pen. These affirmations are not wishful thinking. They're your daily script - reminders that your glow-up is sacred, your intuition is gold, and your worth is not up for negotiation.

Repeat them. Write them down. Tape them to your mirror. Live them.

And remember this: Stay away from anyone who tells you to play small. Especially the ones who think only with their left brain.

#### How to Use This Guide

This isn't a rulebook. It's a reminder. A companion. A mirror.

- Read one affirmation out loud each morning.
- Write down the ones that hit deepest.
- Use them as journaling prompts when you feel off track.
- Save your favorites as wallpapers, mirror notes, or Instagram captions.

Let each affirmation realign you with the woman you've always been becoming.
